

Mold Zap

Mold Zap was designed with ease of use and the safety of people in mind. You can use Mold Zap anywhere that you have had problems with moisture or water in your home. Mold Zap is designed to remove all traces of mold, mildew, bacteria and viruses with one application.

Mold Zap is great for using in homes that have been exposed to moisture or water damage caused by flooding.

Mold Zap is the most all natural remediation product on the market today for removing mold. With Mold Zap you can turn a three day mold remediation project into just a few hours. Mold Zap not only removes all traces of mold, it also leaves behind a protective barrier to prevent any future mold growth.
